FIESTAS DE LAS TRADICIONES

LA FLORIDA, LA OROTAVA

ROMERIA EN HONOR A SAN ANTONIO ABAD Y NUESTRA SEÑORA DE LA ESPERANZA

In 1981 another festive act was added to the celebrations: La Romería. Over the years these acts took their own protagonism, having to separate the days of celebration. Currently the pilgrimage has a great acceptance, counting on the participation of neighbors and folk groups of the whole island, being one of the first folkloric manifestations that are celebrated every year in the Canary Islands. Among the audience attendees are mainly tourists from El Puerto de la Cruz and other municipalities.

Among the folkloric manifestations of this pilgrimage we must mention the Dance of La Florida and the well-known Tango of La Florida, singular expressions of the rich folklore of the area and especially of this neighborhood villero.
